

# BO26 VIDEOSCOPE

Quick endoscopic photo or video documentation

**TROTEC**  
AT WORK.

## BENEFITS IN PRACTICE:

Light, easy-to-handle compact device with semi-rigid gooseneck probe

Memory function to take individual photographs or record complete video sequences

Robust videoscope probe with fixed-focus lens and water-proof camera head (IP67 type of protection)

3.5-inch LCD colour screen

High-intensity quad LED illumination with dimmer

Intuitive user navigation through multilingual on-screen menu

Multiple image rotation function

Automatic switch-off function

Inclusive of side-view mirror, hook and magnet attachment

Different exchangeable probes optionally available as accessories

The BO26 enables the visual inspection even in poorly accessible locations which for the purpose of documentation can not only be saved in form of photos but also as video sequences and can be watched via an external TV screen or transferred to a PC, if required.

The 360° image rotation function, the supplied side-view mirror attachment and the powerful quad LED illumination with variable brightness ensure significant photos and videos in every inspection environment.

Technical data	BO26 VIDEOSCOPE
Article number	3.510.009.126
Probe	ø 17 mm / length 1,000 mm
Focussing range	50 - 150 mm
Field of vision	68°
Type of illumination	Quad LED
Display (resolution)	3.5 inch LCD (320 x 240 pixels)
Zoom	2x
Operating temperature	0 °C to +50 °C
Power supply	1.800 mA Li-Ion battery
Functions	Brightness control, 180° image rotation function, automatic switch-off
Weight	840 g

## Practical detail:

Auxiliary tools for both measuring devices are included in the scope of delivery which can be used to expand the BO21's or the BO26's range of applications, e.g. as recovery instrument for loose parts or for taking samples.
